He further stated the development of the proposed draft regulations was done in a workshop setting before presenting the language to the Board, and noted that Mr. Jacob has been involved in the process. He also acknowledged the May 28 and June 18, 2015, letters from PMSA that recognize the Board’s efforts at transparency, and express, among other things, a concern about the lack of enforcement in the proposed regulation being considered should a conflict arise. Commissioner Long stated that there were a variety of issues the Committee considered with regard to determining the requirements of a Port Agent conflict of interest code, and that he would like the opportunity for the Committee to review what is actually being reported by the Port Agent before considering any enforcement conditions in a regulation.

He also stated the Port Agent provisions for disclosure stem from the Board’s independent authority to require disclosure, and that the Committee considered a disclosure structure similar to the format the FPPC uses for state officials. Board Counsel Eagan reviewed in detail the draft proposed regulation and form considered by the Committee.

<p><b>Meeting Date:</b></p> <p><b>June 25, 2015</b></p>	<p><b>Board of Pilot Commissioners for the Bays of San Francisco, San Pablo, and Suisun</b></p> <p><b>660 Davis Street, San Francisco, CA 94111</b></p> <p><b>Monthly Board Meeting Minutes</b></p>	<p><b>Page 9 of 14</b></p>
