Good Day Dear Captain Allen Garfinkle.

I wanted to thank Captain David Burchard for his good and professional pilotage during vessel's departure from Antioch on 22 of June 2020 and transit her to San Francisco anchorage 8.

Everything was perfect : Master-Pilot exchange information, Bridge team cooperation, Constant vigilant during pilotage, Important information provided , Pilot's Intentions regarding inbound/outbound traffic and finally anchoring at SFO anchorage 8.

I also remember how good he did his job last year when vessel call Antioch. It was a challenging transit during night time, but he was perfect same as on 22 of June 2020.

When he is on board the bridge team and myself are feeling comfortable and safe.

I also would like to thank the Captain Mark Haggerty whose piloting skills are excellent.

Best Regards

Master of mv CSL Frontier

Capt.Volodymyr Filippov
