RECOMMENDED MINIMUM REST PERIOD EXCEPTIONS:

We continually monitor the dispatch list for possible 12 h MRP exceptions. If the potential exception is likely to result in a rest period of less than 10 hours mitigating measures are employed. These measures include, but are not limited to, suspending continuing professional development protocols, cancelling scheduled meetings, cancelling previously granted comp time requests, suspending our internal working rules, or calling in off-watch pilots.

We currently have 54 licensed pilots.

There were 4 MRPs in July. The shortest rest period was 10.5 hrs.
