**Attachments:** BOPC\_REC OAK - BOPC PILOTS REMOTE TESTING PLAN 092420.docx

Mr. Garfinkle,

REC OAK will be scheduling and proctoring another day of FCP examinations on Thursday, September 24, 2020. We have contacted three (3) pilot trainees who are Approved to Test and have confirmed (2) to test as of today and hoping to hear from the remaining one before then.

Thank you,

Shawn E. Pelley

Good day Shawn,

Thank you for your time and energy to get this testing moving forward in the face of numerous challenges!

We at the Board of Pilot Commissioners for the Bays of San Francisco, San Pablo, and Suisun appreciate it very much!

Respectfully,

Allen Garfinkle  
Executive Director  
Board of Pilot Commissioners for the Bays of San Francisco, San Pablo, and Suisun

Mr. Garfinkle,

I have attached the REMOTE TESTING PLAN created for the current six (6) pilot trainees that are either in the 'Approved to Test' or 'Pending -Approved to Test' status. The REC OAK office has contacted the four (4) applicants that are currently 'Approved to Test' and three (3) of them are ready and willing to test on this Thursday, September 10, 2020 at the Oakland Federal Building (OFB) in Oakland, CA.

The NMC is fully aware and all plans have been made at the OFB to conduct the testing safely and securely. Within the next few weeks, if any other applicants require testing or are 'Approved to Test', we can discuss and coordinate an additional remote testing date. Please let me know if you have any questions or concerns.

Thank you,

Shawn E. Pelley
