See Reverse for IMO-IMPA Required Boarding Arrangements Diagram

REMARKS: (attach photos if possible): MANILA LINE OF LADDER SHOWING  
MAJOR DETEIORATION AND SEVERE DRY ROT IN MANY LOCATIONS  
LINE FLAKES APART UPON EXAMINING. CAPTAIN ADVISED HE WILL  
BE GETTING A NEW LADDER BEFORE DEPARTING SF. AGENT NEEDS  
TO FOLLOW UP AND ENSURE THE NEW LADDER IS RECEIVED.

FOR RECEIPT ONLY  
WITHOUT PREJUDICE

**Attachments:** 2020-09-08 11-41.pdf

Good day,

Please find attached Pilot Boarding Arrangements Deficiency Report filed by one of our licensees on the STRATEGIC VISION.

The STRATEGIC VISION is currently at the Dow Chemical dock in Pittsburg, but is shifting to Anchorage #9 between 0100 hours and 0600 hours on 9/9/2020 for bunkers and set to depart Anchorage #9 at 1600 hours.

Ladder reports cites severe dry rot in ladder manila lines. Captain said he would obtain new ladder prior to departing SF.

Please acknowledge receipt of this report.

Thank you.

Respectfully,

Allen G.

Allen Garfinkle

**Subject:** Pilot ladder deficiency report

I just wanted to make sure this report was received.

I turned it into Dispatch last Friday before the holiday weekend. Since I hadn't heard anything I wanted to make sure it made it in the appropriate hands. Please let me know if you have any questions.

Thank you

Casey
