Hello Allen,

I just completed my presentation to the pilots concerning lessons learned from the Star Princess incident during our monthly meeting. Thank you for all the time you put into these thorough reports.

Sincerely,
Orrin

Good day Captain Favro,

Please find attached Board decision in the STAR PRINCESS incident. Note that the decision places some duties upon you to "make a presentation" the pilots focusing on lessons learned and to make recommendations on how similar incidents can be avoided in the future.

Please also note that the Port Agent has a duty to post the report and the decision on the SFBP website and direct each pilot to read the documents.

I will be looking to the Port Agent to report to me when each of these tasks assigned are completed.

Respectfully,

Allen G.

Allen Garfinkle

Executive Director

Board of Pilot Commissioners for the Bays of San Francisco, San Pablo, and Suisun
660 Davis Street, San Francisco, California 94111
