San Francisco, CA 94111

Subject: Compliant - State Agency Buy Recycled Campaign Annual Report for Fiscal
Year 2024/2025

Allen Garfinkle:

The State Agency Buy Recycled Campaign (SABRC) is central to California's effort to increase recycling, reduce greenhouse gas emissions, and build a circular economy. Diverting waste from landfills by growing markets for recycled materials is critical for achieving the state's climate goals. Your agency's procurement of post-consumer recycled content products demonstrates California's leadership by reducing the environmental impact of state operations. The Department of Resources Recycling and Recovery (CalRecycle) thanks you for submitting a Fiscal Year (FY) 2024/2025 SABRC Annual Report.

CalRecycle's Jurisdiction and Agency Compliance and Enforcement (JACE) Branch staff reviewed your agency's SABRC Annual Report and determined that your agency complied with the SABRC requirements for FY 2024/2025 per Public Contract Code Chapter 4, Division 2.

For questions and assistance regarding the SABRC program, please do not hesitate to contact your CalRecycle Local Assistance and Market Development (LAMDM) Branch representative, Laura Chain, at Laura.Chain@CalRecycle.ca.gov.

Sincerely,

Ashlee M. Yee, Branch Chief
Jurisdiction and Agency Compliance and Enforcement Branch
